## Part B - Job Family Description

The below profile describes the general nature of work performed at this level as set out in the job family. It is not intended to be a detailed list of all duties and responsibilities which may be required. The role will be further defined by annual objectives, which will be developed with the role holder. The Council reserves the right to review and amend the job families on a regular basis.

<b>Role Purpose</b> including key outputs	<p>This is a 2-year fixed-term contract opportunity.</p> <p>We are looking for an experienced Quantitative Researcher to join our fantastic Surrey Health Determinants Research Collaboration (HDRC) team. The post holder will be based at Woodhatch Place and will use analytical skills and practical experience of quantitative research approaches to manage and analyse complex datasets relating to the wider determinants of health.</p> <p>This role will be responsible for providing expert advice and guidance on quantitative research methodologies and data and intelligence that will be used to inform the HDRC programme.</p> <p>Key responsibilities include:</p> <ul style="list-style-type: none"> <li>•Provide analytical skills and expertise to Surrey HDRC, linking an analysing data across multiple domains that align with research priorities and strategic objectives.</li> <li>•Provide leadership and research expertise to Surrey HDRC and partners across the functions covered by the role, co-ordinating the sharing of best practice and promoting a culture of continuous improvement and innovation.</li> <li>•Provide statistical and analytical support to the HDRC team, local authority, and other key stakeholder</li> </ul> <p>Build and maintain positive relationships with partners, including with the community, to promote the work of the Surrey HDRC and ensure the delivery of high-quality products and outcomes.</p> <ul style="list-style-type: none"> <li>•Support a range of activities and projects across the Surrey HDRC team, leading and coordinating project proposals, and assisting with the development of the work, providing advice and support to ensure the successful implementation and completion.</li> <li>•Participate in local authority staff training and development, designing and maintaining learning programmes and sessions</li> <li>•Act as a mentor and resource for junior members of the research team, including the HDRC Community Researchers, to meet individual and organisational learning needs with available resources and within specified timescales.</li> </ul>
<b>Work Context</b>	<p>This role would form part of the new and innovative Health Determinants Research Collaboration (HDRC) programme funded by the National Institute of Health and Care Research (NIHR). The Surrey HDRC programme is delivered by Surrey County Council, University of Surrey (UoS), alongside local partners including Surrey's voluntary and community sector.</p> <p>Surrey HDRC is designed to boost the capacity of Surrey County Council to do research, together with our communities, with the aim of improving health outcomes and reducing health inequalities in Surrey communities. Surrey HDRC will develop a sustainable research culture, build research capacity and capability, and increase our local evidence-base on wider determinants of health.</p>
<b>Line management responsibility</b> if applicable	N/A
<b>Budget responsibility</b> if applicable	None direct.

<b>Role Summary</b>	Roles at this level lead and manage the work of larger teams, or a grouping of two or more teams with a common theme. Alternatively they may be professional roles undertaking research and providing complex advice and/or managing specialist projects. They will plan and ensure progress within established procedures and policy, and respond effectively to changing priorities and different situations. They will work closely with customers, staff, partners, third parties, agencies and/or contractors and have a primary role ensuring their services achieve the agreed service standards in a cost effective way and improving quality standards. Forward planning could be for months ahead and the role will contribute to longer-term development. Work requires the consideration of future implications beyond the immediate problems and may involve the creation of new approaches and procedures to solve the problem.
