Part B - Job Family Description

The below profile describes the general nature of work performed at this level as set out in the job family. It is not intended to be a detailed list of all duties and responsibilities which may be required. The role will be further defined by annual objectives, which will be developed with the role holder. The Council reserves the right to review and amend the job families on a regular basis.

Role Purpose including key outputs	Design, implement, monitor and review activity relating to public health programmes and services to support delivery of Surrey County Council's public health responsibilities including: - development of policy and management process - providing management and leadership support to public health development workers - ensure delivery of effective services in line with budgets, business timescales and corporate policies Lead and contribute to multi-agency and partnership networks and alliances to optimize use of resources to address health issues and health inequalities
Work Context	This position is part of the Public Health Team in the Adults Wellbeing and Health Partnerships Directorate. The role of the Public Health Team is to identify and forecast risks to health and provide evidence of how they can be prevented or dealt with efficiently and effectively to avoid preventable differences and variations in people's experiences of services, life chances and outcomes. The Public Health Team provides the Council with the expertise and support to deliver its public health responsibilities. Staff work in teams both within the Public Health Team, with colleagues across the Council and with partners from a range of statutory, voluntary and business sector organisations including Integrated Care Boards and other NHS organisations, borough and district councils, etc. You will be required to lead on one or more public health 'topic' and provide generic public health input to support partnership work. This job description is not exhaustive and may change as the post develops/or changes in service requirements but such changes will not take place without the consultation between the post holder and their manager
Line management responsibility if applicable	Public health leads may line manage up to two public health development workers.
Budget responsibility if applicable	Public health leads may have direct and indirect budget responsibilities.

Representative Accountabilities Typical accountabilities in roles at this level in this job family	Service Development • Contribute to the development and achievement of business plans to develop and implement agreed strategy. • Promote and manage the delivery of the service to meet the needs of the public. Planning & Organising • Manage the planning and delivery of the programme of work/workloads within their area of responsibility to achieve a quality service, and ensure any technical and statutory requirements are met. Analysis, Reporting & Documentation • Analyse and make recommendations for improvement or development of existing systems, processes or policy to support decision making. Finance/Resource Management • Assist with budget/resource/funding management in accordance with the organisation's policies and procedures, and may have revenue generation targets. Work with others • Liaise, communicate and build relationships with other internal departments, partner organisations, agencies and/or contractors on operational issues to share knowledge or best practice and ensure quality, integrated service delivery. People Management • Manage an operational team or specialised function, and organise deployment of staff and work and/or appropriate support for service users. • Monitor and support the performance management and development of team members, using a coaching approach, to ensure that individual contributions are maximised. Duties for all Values: To uphold the values and behaviours of the organisation. Equality & Diversity: To work inclusively, with a diverse range of stakeholders and promote equality of opportunity. Health, Safety & Welfare: To be responsible for ensuring health & safety policies, procedures and legislation are implemented, communicated and managed including making sure that health and safety responsibilities are fully understood and carried out by employees within their service area.
